- Deliver demos and documentation to align stakeholders and speed adoption.

Full Stack Developer   **Jan 2023 – Sep 2024**
CIFA Education Management System   *UK, London*

- Engineered high-performance React applications using Redux/ContextAPI, incorporating code splitting, lazy loading, and memoization for optimal efficiency.
- Developed real-time CRM/LMS features (chat, notifications, live data) with Node.js, seamlessly integrating third-party APIs.
- Designed and deployed interactive quiz modules for an LMS using Laravel and MySQL/PostgreSQL, enhancing user engagement.
- Collaborated on brand identity design (logos, UI mockups) using Figma, aligning technical and creative efforts.

Full Stack Developer   **Oct 2021 – Jan 2023**
Advert Park   *Cyprus, Kyrenia*

- Built responsive SPAs with React.js and Node.js, delivering real-time API-driven features for dynamic user experiences.
- Created custom WordPress plugins and themes (PHP, MySQL, AJAX), optimizing CRUD operations for seamless functionality.
- Translated Figma designs into pixel-perfect Webflow implementations, ensuring design fidelity and usability.
- Contributed to branding initiatives, crafting cohesive visual identities with Figma and design tools.

Front End Developer   **Nov 2020 – Sep 2021**
WIN – Worldwide Investment Network   *Cyprus, Kyrenia*

- Developed Vue.js SPAs with TypeScript and Nuxt.js, integrating RESTful APIs and AJAX/JSON for global clients.
- Optimized component state management, leveraging Vue's built-in tools and external libraries for maintainability.
- Architected a tourism app frontend, applying Domain-Driven Design (DDD) principles to enhance client/investor workflows.

Front End Developer   **Mar 2018 – Nov 2020**
Atabilisim Digital Solutions   *Cyprus, Kyrenia*

- Converted Figma designs into responsive websites using HTML5, CSS3, and JavaScript, prioritizing performance and accessibility.
- Built secure e-commerce features (login, checkout) with WordPress and Stripe, improving conversion rates.
- Supported brand development by creating visually consistent assets in Figma and other design tools.
